Tactical EMS Training Announcement

Waukesha County Technical College Fire/EMS Training Center has set the dates for the March 2012 Tactical EMS course. The course is an intense 40 hours/4-day hands on program which will be on 3/23/12 (8:00 to 19:00), 3/24/12(8:00 to 19:00), 3/30/12(11:00 to 22:00), 03/31/12 (8:00 to 19:00). Times includes meal periods and breaks..

Course Description:

Using Military Tactical Combat Casualty Care (TCCC) guidelines, students will learn to provide care under fire, tactical field care, and tactical evacuation care in hostile environments for law enforcement, SWAT teams, and Tactical EMS units.

Topics Include: Tactical operations and movement, role of the Tactical Medic, medical threat assessment, Tactical Combat Casualty Care (BLS/ALS), medical and tactical equipment considerations, high threat extraction techniques, medicine over the barricade, tactical planning, team health, helicopter safety and aero-medical resource utilization, police K9 medicine, IED/hazardous environments, tactical vehicle extrication, crime scene management for EMS, stress inoculation scenarios, active shooter response for TEMS, mass casualty triage, and medical response to 4th generation warfare/asymmetrical warfare.

The course uses realistic high-speed scenario based tactical training during day and night operations combined with classroom and hands-on practical skill stations. No prior tactical or medical experience is required.

TCCC concepts are endorsed by the following Organizations: National Tactical Officers Association, National Association of EMT's, Midwest Tactical Officers Association, American College of Surgeons, and US Military Committee on Tactical Combat Casualty Care.

Class Admission Criteria:

Due to the sensitive nature of the law enforcement information provided, students must meet one of the following two criteria to be admitted into this course:

A current employment or affiliation with a federal, state or local law enforcement agency,

OR

be a State of Wisconsin-licensed EMT at any level, (basic through paramedic), WI certified medical First Responder, LPN, RN or MD, and have fire department, ambulance, or hospital emergency department affiliation.

All students enrolled in course may be subject to background verification and can be excluded from the course for any legal reason, including safety concerns, criminal background issue(s), failure to complete required paperwork, failure to comply with the provisions contained within the syllabus, or other reason as dictated by WCTC policy. The contents of this introduction are presented as information only. The participants who attended this presentation are not "certified" in the tenants of Tactical Combat Casualty Care, or Tactical EMS, and must be licensed or otherwise be legally allowed by their particular agency to provide any of the skills taught in this course, including performing advanced medical procedures and weapons handling.

Attendance Requirements:

Students must attend 100% of all classes. Due to safety concerns and safety checks being conducted prior to class, students will not be allowed to arrive late or leave early except at the instructor's discretion for extenuating circumstances only.

Registration Information:

Please contact Laura Kozlowski at lkozlowski@wctc.edu or 262-691-5541 to pre-register. 24 student limit. Registration preference will be given to students from departments within the Waukesha County Technical College District. Registration for in-district fire departments begins on Monday, 10/24. Out-of-district and general public registration begins on November 1 (subject to 30-day rule). The cost is \$143.58. The cost for out-of-state residents is \$207.92.
